EMERGENCY PET CONTACT

Bonner General Health and Panhandle Animal Shelter cannot retrieve your pet. You will need to identify someone who can bring your pet to the shelter during their business hours. Please contact a neighbor, friend or family member to let them know you have listed them as your emergency pet contact (EPC). Who should be notified in case of an emergency?

Primary Emergency Pet Contact:

Name:

Home Phone:

Cell Phone:

Email:

What is your relationship with this person?

Is this person authorized to pick-up your pet from the shelter on your behalf? Yes or no

Secondary Emergency Pet Contact:

Name:

Home Phone:

Cell Phone:

Email:

What is your relationship with this person?

Is this person authorized to pick-up your pet from the shelter on your behalf? Yes or no

Please consider how your EPC will go into your home to retrieve your pet. Do you need to leave a hide-a-key or tell them how to enter your home? Are there any special instructions on how to do this safely so your pet doesn't get scared? Does your cat have a secret hiding spot? The more information you can document for your EPC the smoother the transition.

Special Instructions on how to retrieve pet:

What will your pet need while you're away?

Your pet's basic needs will be covered while they stay at the shelter or a designated boarding facility, but you may want to consider special circumstances or items that can make their stay more comfortable. Such as dietary restrictions, medications, special toys, beds or blankets. These items will need to be outlined for your EPC and where to find them.

Pet Name:	Item:	Where to find it?

How to bring your pet safely to the shelter?

For cats, please ensure you have a cat carrier available at your home.

Leashes and a collar kept in a designated spot for your EPC to find.

Instructions on where these items are kept:

Vet Care, Medication and Food:

Unless other arrangements have been made, your pet will be fed the same diet as the shelter pets. If your pet is on medication or requires a special diet, please be sure to let your EPC know where to find the food and medication. It is also important they know which pet it's for. Please take a moment to outline your pets needs below.
